## The "Discovery One" Experience

Our 82' catamaran, Discovery One, is the perfect choice for a friendly, casual and relaxed cruise that takes you on an amazing journey through the Kimberley. Our smaller vessel offers a full itinerary but, without the tight schedules of a large ship cruise, we're able to bring you wonderful and unexpected opportunities to explore, discover and experience the Kimberley for yourself.

With a maximum capacity of 24 passengers, after just a few days of cruising most of our guests will be on a first name basis with both crew and other guests - all of whom share a common passion for travel, adventure and a desire to see this amazing part of Australia. With a professional, yet family-like atmosphere, our friendly crew will ensure that your experience onboard will quickly become a valued part of your holiday memories.

The smaller number of guests also means that you can savour this unspoilt wilderness without a crowd. When you step on a tiny island you will feel like you are the first to explore it and when you stand on a red ochre bluff you will feel like it is you who has discovered this spectacular landscape. This is to experience a sense of timelessness and beauty beyond the everyday that will give you moments you'll treasure forever.

## Derby / Mitchell Plateau Cruises

### 10 day/9 night cruise package including helicopter transfers at Mitchell Plateau

**Explore** the timeless Kimberley coast by land, sea and sky as we cruise between the township of Derby and Naturalist Island in the Hunter River. See the amazing Mitchell Plateau by helicopter on this magical trip that also includes a light air flight between the Mitchell Plateau and Broome or Derby.

**Discover** the Buccaneer Archipelago with its 1200+ islands; visit rivers such as the Sale, Prince Regent and the Hunter; marvel at the spectacular Ruby Falls, King Cascade Falls and Mitchell Falls; see the geological wonder of the Mitchell Plateau and the numerous bays, inlets and creeks of this amazing coastline.

**Experience** beautiful land and seascapes, vivid sunsets, the ancient art gallery at Raft Point, the unique rock formations at Langgi beach and the wondrous tidal phenonema of Montgomery Reef. Enjoy an exhilarating ride through the iconic Horizontal Falls, walk on the pristine white sands of Silica Beach, swim in the fresh water rock pools of Crocodile Creek and soak up the natural and human history of this unspoilt and beautiful region.
