YOUR EXPERIENCE

Nestled high on the coast of Western Australia lie the wonders of Broome. Here, spectacular setting suns and rising moons create their own sea of colour as the Indian Ocean's sparkling turquoise waters lap sweeping white beaches and the distinctive red pindan earth of the Kimberley. A melting pot of Aboriginal, Asian and European influences imbue this special place with its own exotic flavour and offer a clue to its rich pearling history.

Pinctada Cable Beach captures Broome's unique beauty and contrasts, its culture and freedom. From the original art to the hand selected furnishings and décor, every detail reflects the palate and textures of the Kimberley.

Set in tranquil grounds, the design of this intimate 72 room resort respects Broome's past, while intelligent water and energy management systems embrace the

future. The resort wraps the asymmetrical Maxima Pool with its spa nooks, cascading water feature and 25m lap lane. Each graciously sized guest room is tastefully appointed with the finest linen and amenities.

OUR ENVIRONMENTAL CREDENTIALS

Resource-saving measures at Pinctada Cable Beach include grey water treatment, solar water heating and intelligent power management that includes daylight harvesting. The timber floors and boardwalks are constructed from recycled grey ironbark and all joinery is constructed to the latest E.U. low emission standards.

Landscaping, by Jamie Durie's Patio Landscape Architecture and Design, features mainly native plants that use minimal water and are drought tolerant. The design also captures prevailing breezes, reducing the need for air conditioning which further reduces the resort's carbon footprint – and enables our guests' enjoyment of the Broome climate.

OUR SPA EXPERIENCE

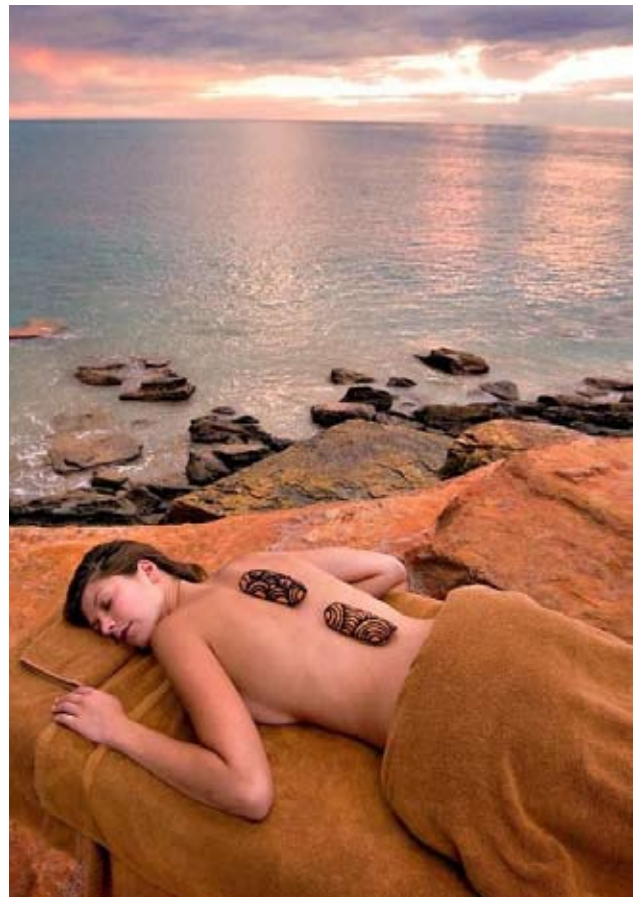

The Pinctada Spa experience begins the moment you pass through our *Pinctada maxima* inspired doors. Behind them you'll find an oasis created to nurture, revive and rekindle - a world class day spa encircling a sparkling courtyard with a relaxation plunge pool and custom crafted Pinctada daybeds.

Our experienced spa therapists will welcome you with a sense of calm, a cup of Yulu herbal tea, a footbath in a carved wooden bowl - and, a smoking ceremony. The earthy aromas emanating from the carved coolamon evoke a sense that this experience is something different - and, special.

The Pinctada Spa is Australia's only LI'TYA concept spa. Our extensive treatment menu features LI'TYA Spa Care from the Aboriginal Dreamtime, based on Australian native botanicals and tapping into 40,000 years of indigenous plant wisdom and holistic healing to rejuvenate the spirit.

The Pinctada Spa experience – a sublime journey linked to the spirit and landscape of the Kimberley

Our treatments are from the earth, the sea - and, the Kimberley.

The stones in our Kodo massage are gathered in Kununurra, the gateway town to the East Kimberley - each month their spiritual powers are replenished under the light of the full Kimberley moon.

Our sea treatments include *Pinctada maxima*, the mother of pearl shell that nurtures the world's most beautiful pearl and is indigenous to the pristine waters of the Indian Ocean off the West Kimberley town of Broome.

We offer an extensive range of spa beauty treatments along with:

- couples and individual treatment rooms
- Vichy shower
- mineral bath
- infrared dry float
- hydrotherapy experiences for the scalp and feet
- juice bar
- sauna
- hair salon
- al fresco dining

To experience the Pinctada Spa is to journey beyond its elegant ambience to the landscape and spirit of the Kimberley. And, as with all Kimberley experiences, it's personal - a time to connect and reconnect, a journey that bonds people and place - an experience of personal *moments*, endless *horizons*.
